## **HAPPY NEW YEAR!**

As we welcome in 2021, we want to take this opportunity to send you our well wishes for the year ahead.

With the first phase of our recruitment process now complete, we have made our selections and have begun sending job offer letters.

The letter of employment includes an Employee Acknowledgement Form. It is important that this form is completed and returned to us by January 12, to secure your position.

At this time, we thank all who applied. For those who were not successful, we will keep your employment application on file. We will be re-assessing our workforce requirements again in the Spring and send additional job offer letters as required.

Thank you for your support. We will continue to provide new updates in the year ahead.
